A List of Hot Ideas was discussed and noted below: -

Broadband

IT

Road Safety	Public Right of Way
Organised Walks	Housing
Planning	Recreation
Community Events	Energy – Community Heating
Transportation	Utilities
Environment – Minerals – Pollution – Planting	

### **3 Engagement – Making Things Happen**

Discussion took place to see how we can get people to engage in the Plan. Most Parish Plan groups do surveys, targeting various audiences with mailshot. A communication strategy is needed. Stakeholder mapping needed to evaluate influence and power. Sarah Baron can get a list of businesses in the area. She also mentioned that one way to get ideas is to walk around the parish.

### **4 Matters Discussed**

“Spirit of Place” - What makes the village special? Views are needed as well as a catchy name and logo.

More people need to be encouraged/invited to help with the plan. Someone is needed to talk to the clubs. A flyer is needed to ask broad, open questions – Does the Village matter to you? What are your issues? What is your vision in 5, 10, 20 years? After feedback from a flyer we would be able to go on with a survey. It was discussed that the Project Plan would probably take 18 months.

Children will be invited to design name/logo for the Plan. This needs to be done as soon as possible. Action: JJeffs.

PR and SR would be able to approach the Cricket Club, Joan Johnson the WI Stakeholder plan needed before businesses approached. Events coming up before Christmas – Christmas Fair, Cricket Club AGM, Rural Touring Network.

A pilot plan meeting has been arranged for next week.

### **5 Date and Time of Next Meeting**

The next meeting will be held on Tuesday 13 November at 7.30pm in the Village Hall.
